Bonnie,  
Here is George Ann budget. It's already designed? I am going to go with Libby because she will let us see the office before we buy anything.

Dear Georgeann,

I am sorry that when we initially met, you felt that you had a verbal agreement that the job was yours. As a quasi-government organization, we are diligent about getting quotes and proposals on services, and this is what I initially conveyed to you, though I did give you a sample of the contract that would be used should we retain your services. With that said, I did agree to accepting an invoice for your services which you understood as being paid. While I am okay with paying for most of your services, I don't think that the initial meeting that we had to discuss what was needed should be billed, which appears to be one hour. I am sure that in any proposal, you would spend time with a potential client to describe the services you can provide and how you would deliver those services. So I am asking that the time for the initial meeting be deducted from your invoice and I will process the remaining amount quickly. Again, I apologize for any misunderstanding and am interested in being fair about the services that you did provide. Thank you for your understanding. That would bring the total fee down to \$788.75. We pay our invoices electronically so in order to process we will need the routing number and account number.

Regards, Evan

Sounds good

I am reviewing additional seating options from 9 to 5. We have a lot of areas to cut in order to pull this off.

I will hold off until I hear back from you.

Areas in mind, wardrobe cabinet, overheads in offices 2 and 3, lower bookcase storage in office 1....  
Review the guest chairs and lounge seating in open area near reception.

Scott – please find the purchase request for Erin Reemsnyder coastal prints that will cover the walls of the new office. WE need you or someone else on the finance Committee to approve thus purchase since Bonnie has recused from this transaction because Erin is Bonnie's daughter. I chose the photos with our designer

Libby Slader to exclude Bonnie from the decision making.

Please let me know if you have any questions.

Hi Libby

We did not speak about. I have not seen the product yet as it is arriving tomorrow morning.  
Do you want ya to quarter turn the tiles as well? Will you be at the job site?

Hello Russ,

I could not remember if I told you that we wanted a "random" installation for the tiles at the Port Authority.  
I'm looking forward to seeing the space after it's installed.

Hi Libby,

John in fact did reach out and said he would sell to us and of course we would be happy to work with you. Attached to this email is our quote, look it over and let us know if you have any questions.

We're pleased that John is willing to sell us the product and the product is in fact on hold. I'm suggesting an extra box for patch in down the road in case of damage so my numbers include one extra box.

Thank you Libby.

Hello Russ,

Yes, this is the correct address. I spoke with John Talio the other day and he said he was going to reach out to you about purchasing the carpet. He said he would be happy to sell it to you. If you have not heard from him, please let me know.

He put the Curious-Lovestruck on hold for us, with the hopes that we could have had a quote from you and ordered ASAP. John is on vacation now, but he said we could still reach him, if needed.

I am going to a meeting right now, so please let me know if John reached out and if now, would you still be willing to work with us?

Thanks so much.

Cheers,

Hi Libby,  
I received your email to our Website and I am sending you this email to confirm that I have your email address. Where do we go from here? I am not able to purchase Mohawk Commercial, at least at this time. The rep for Mohawk Commercial is John Talio who has not been very nice to us in the past. I'd like to help you if we can. I'm sorry that this has gone this way.  
Perhaps you could let me know what you think. Thanks Libby.

Hello Russ,

I tried to find more information on the Mohawk website about the installation, but I couldn't. Attached is an image from the binder that shows the "random" installation method that we preferred.

I will not be on site tomorrow, but I'm available for any questions.

Cheers,

Good Morning Evan,  
The carpet is installed! We did however, run short three - four pieces of 6" Cove Base. I have ordered another box of one hundred feet as this is special order material, unfortunately, we only need 12'. We had quoted 200' or two boxes but for some reason an additional 12' is needed. As soon as we receive the material, we will have it installed. It is on back order so it may be a few weeks before we receive it.  
We are attaching our invoice to this email and ask that you kindly pay the balance so we can pay our installer team. We are stopping by today to just inspect the work and take a few photos. Please let us know if you need Joe's key back or if you want us to hold onto it until the additional Cove Base arrives and we can install it.  
Thank you Evan, we appreciate your business.

Russ – I am here today and the carpet looks great. Is the glue blue? There is a small patch with a bluish hue? I can show you it when you stop by.

Thanks and please find the sales tax exemption attached.

Evan,

Please see the attached approval for the entire amount of the furniture purchase. I think that you can decide to pay whatever percentage is required with this approval, and the final amount due will be already approved as well. I did not sign the follow up approval for only 30%, as I don't think it is necessary. If you feel differently, please let me know.

Good Morning Evan,  
Last week I sent you an invoice for the balance on the CT Port Authority Flooring Project. I am following up to find out if that request has moved forward for payment. I have vendors looking to be paid for their labor contribution.  
I stopped by last week and swapped out two carpet tiles that had some glue residue so you should be all set. I will be in touch when the 12' cove base arrives and get that installed for you.  
Thank you for looking into this and your anticipated reply.

Hi Mathew,  
We charged CT Port for 200 feet of Cove Base and we were going to donate the extra 12' to complete. This is an unreasonable hold back, especially since as we had to order a box of 100' to complete 12'.  
Is this still your position? Thanks for your reply.

No, not at all. I'm sorry if his miscalculated the base requirements, but the job isn't finished and you should have something to guarantee it will be finished quickly.

He's not a bad man and I know he'll complete it, but that's your insurance.

Hello Debra,

Our client, at the CT Port Authority wants to move ahead with the images printed on canvas and installation. They are holding off on the framed map for now.

Are you willing to have the payment wired directly to your bank account? It's easier for them to do that. If so, please send a request for the down payment that you need.

Or, if you'd like me to write a check to you, they can send me the payment.

Once you get the deposit, we will get the images to you from the photographer.

Thanks so much!

Hi Libby,

As long as manufacturing and delivery runs smoothly then I should be able to install the panels on September 19 as planned. Do you have an idea on what time I would be able to install them? Please me know if I need to be aware of any other details.

I've also attached an invoice for you. I've copied Evan as well!

Thank you,

Erin

Hello Brian,

To follow up on my call, I wanted to let you know that the computers for the CT Port Authority are being installed today. They are in need of temporary furniture ASAP. As I've mentioned, they need 4 desks/tables and chairs.

Please let us know when those can be delivered.

Also, please give us a schedule of the furniture delivery because they are planning their open house on September 20th and need confirmation.

Thanks. Call, text or email.

Hello Brian,

Thanks for all the help you're providing on the Topo project.

I'd also like to talk with you about another sign we need for a project. It's for the Connecticut Port Authority. We need an interior sign made of the Connecticut Port Authority logo. I am thinking about a clear plexi with cut vinyl letters and logo and mounted on pins. That would be approximately 36" x 36" max, depending on the logo size.

I've copied my client, Evan Matthews on this, who is the Executive Director of the Port Authority. Please feel free to copy him on all correspondence.

Would you look at this, let me know if you have any questions? Also, if you have any other options we might consider, that might be cool and inexpensive let us know.

Please give us a quote for design, fabrication and installation. The office is in Old Saybrook, CT. We would need this in two weeks, by the 19th, so let me know if that's possible.

Cheers,

Are you agreeable to relocate computers and office September 5<sup>th</sup> and 6<sup>th</sup>, and maybe the 7<sup>th</sup> if needed. One day to remove and transport to Old Saybrook, the next day to setup.

Karen is good for any of those days. I will check with Charles.

CERT-134

## Exempt Purchases by Qualifying Governmental Agencies

**General Purpose:** Qualifying governmental agencies must issue this certificate to retailers when purchasing tangible personal property or enumerated services. For purposes of this certificate, qualifying governmental agencies include:

- The United States and its agencies;
- The State of Connecticut or its political subdivisions or their agencies;
- Certain other entities exempt under Connecticut law; and
- Persons acting as agents for any of these entities.

A qualifying governmental agency may use this certificate to purchase any tangible personal property for resale at any one of five fundraising or social events of a day's duration during any calendar year. The event must be exempt from tax under Conn. Gen. Stat. §12-412(94). Otherwise, governmental agencies are not allowed to purchase tangible personal property for resale with this certificate. See Special Notice 98(11), *Exemption From Sales and Use Taxes of Sales by Nonprofit Organizations at Fundraising or Social Events*.

**Statutory Authority:** Conn. Gen. Stat. §12-412(1)(A)

**Instructions for the Purchaser:** An authorized person acting on behalf of a qualifying governmental agency must issue and sign this certificate to advise the seller of tangible personal property or taxable services that sales and use taxes do not apply to the purchase. The purchases must be made by the qualifying governmental agency using the agency's own funds.

Purchases made by individual employees who will be reimbursed by a qualifying governmental agency do not qualify for exemption under any circumstances, even if the purchases are made in the employee's official capacity.

If a purchaser other than an agency of the U.S. or the State of Connecticut, not named on the reverse of this certificate, is expressly exempted from state sales and use taxes by a federal or Connecticut statute, the purchaser must identify the exempting statute on the reverse of this certificate. If a purchaser is not expressly exempted by a federal statute, but believes it is exempt by reason of federal law, it must request a letter from the Department of Revenue Services (DRS) (address above) acknowledging the exempt status and attach a copy of the letter to this certificate.

**Purchases of Meals and Lodging:** In general, qualifying governmental agencies may not use this certificate to purchase meals and lodging, but must get preapproval from DRS for these purchases, and use CERT-112, *Exempt Purchase of Meals and Lodging by Exempt Entities*, or CERT-123, *Blanket Certificate for Exempt Qualifying Purchases of Meals or Lodging by an Exempt Entity*.

However, a qualifying governmental agency may purchase meals tax exempt using this certificate, without prior approval from DRS, when it will resell the meals at one of five fundraising or social events per year exempt under Conn. Gen. Stat. §12-412(94). See Policy Statement 2003(4), *Purchases of Meals or Lodging by Exempt Entities*.

**Federal Government Purchases Not Requiring This Certificate:** The federal government has implemented the "GSA SmartPay" program, which uses four categories of cards: Fleet, Purchase, Travel, and Integrated Cards. Federal employees may purchase tangible personal property and services, including meals and lodging, tax exempt when using GSA SmartPay cards, if the purchases are billed to and paid by the federal government. U.S. government agencies making tax-exempt purchases using GSA SmartPay cards are not required to use any DRS certificates or to get preapproval for purchases. Some GSA SmartPay purchases do not qualify for exemption. See Policy Statement 2009(2), *Retailer's Acceptance of U.S. Government "GSA SmartPay 2" Charge Cards for Exempt Purchases*.

**Instructions for Agents Making Purchases for Qualifying Governmental Agencies:** A person acting as the agent of a qualifying governmental agency making purchases of tangible personal property or enumerated services must issue this certificate to notify the seller sales and use taxes do not apply to the charges for the purchases.

The agent must:

- Complete and sign this certificate as the purchaser;
- Attach a copy of the document from the qualifying governmental agency that expressly designates the person as the agent for purchasing the types of goods or services being purchased; and
- Claim an exemption only on purchases of goods or services used exclusively by the qualifying governmental agency.

Keep a copy of this certificate, the documents attached, and records that substantiate the information entered on this certificate for at least six years from the date this certificate is issued.

**Instructions for the Seller:** Acceptance of this certificate, when properly completed and accompanied by any other required documents, relieves the seller from the burden of proving the sale and the storage, use, or consumption of the tangible personal property or taxable services are not subject to sales and use taxes. This certificate is valid only if taken in good faith from a person who is authorized to furnish it to the seller on behalf of a qualifying governmental agency. The good faith of the seller will be questioned if the seller has knowledge of facts that give rise to a reasonable inference the purchaser is not a qualifying governmental agency or an agent of a qualifying governmental agency or the items purchased will not be used exclusively by or on behalf of the qualifying governmental agency.

Keep this certificate, the documents attached, and bills or invoices to the purchaser for at least six years from the date the items or services were purchased. The bills, invoices, or records covering the purchase made under this certificate must be marked "Exempt Under CERT-134" to indicate an exempt purchase has occurred.

This certificate may be used for a single exempt purchase, in which case the box marked "Certificate for One Purchase Only" must be checked. This certificate may also be used for a continuing line of exempt purchases, in which case the box marked "Blanket Certificate" must be checked. It remains in effect for three years unless the purchaser revokes it in writing before the three-year period expires. CERT-134 may not be used as a blanket certificate for purchases of tangible personal property for resale at any one of five fundraising or social events per calendar year exempt under Conn. Gen. Stat. §12-412(94).

A qualifying governmental agency must pay for its exempt purchases with a check drawn on its own account or with a credit card issued in its own name (and not in the name of any of its members or officers). An exempt purchase of \$10 or less may be made using cash, as long as the purchase is made with the qualifying governmental agency's own funds, except a blanket certificate may not be used for cash purchases.
